Richard Bach

James Bach

Running from Safety Richard Bach,1995-11-01 A half-mile up, suspended by nylon wings and the promise of good lift, life hangs on a pledge. Richard Bach made that pledge, fifty years before, to return to the frightened child he used to be and teach him everything he had learned from living. His promise went unfulfilled until one day, hovering between earth and sky, Richard encounters Dickie Bach, age nine--irrepressible challenger of every notion Richard embraces.... In this exhilarating adventure, Richard and Dickie probe the timeless questions both need answered if either is to be whole: Why does growing spiritually mean never growing up? Can we peacefully coexist with the consequences of our choices? Why is it that only by running from safety can we make our wildest dreams take flight?

Running from Safety Richard Bach,1994 Fifty years ago Richard Bach promised to come back through time and teach himself everything he had learned from living. In this encounter with his 9 year-old self he tries to explain the things that really matter. He finds his teachings do not go as planned.

One Richard Bach,1989-10-02 I gave my life to become the person I am right now. Was it worth it? Would we change if we knew what waits beyond space and time? "With *One*, the ninth novel from the ever spiritual and imaginative author of *Jonathan Livingston Seagull*, [Richard] Bach continues his quest for a deeper understanding of human nature. . . . Although the elements of a great science fiction novel are present, the plot is secondary to the novel's theme of humanity's ability to control destiny"—The Boston Herald "If you have ever tried to judge a book by its cover . . . One lives up to this question [in the headline] . . . and more . . . Bach gives the reader much to ponder, so much so in some chapters that the thoughtful may be tempted to read no more than a page at a sitting. Not because it's cumbersome reading, but because the ideas are worth savoring."—USA Today "One is a provocative book . . . it gives beautiful, hope-filled answers."—Indianapolis News "Uplifting . . . Each of the inspirational set pieces preaches the same message: of the power of each individual to choose the ways of

peace, brotherhood and love, to live with a reverence for nature and at harmony with the universe. Back again displays an inventive imagination and inspirational zeal.”—Publishers Weekly “One presents a number of provocative speculations: What would it be like to meet yourself when you were older or younger? How would your life turn out if you had made different choices, split up with your spouse, been born in a different time and place? . . . With love and hope as their guides and ‘what matters most’ as their destination, the Bachs touch down in different times and places, where they commune with some of their alternative selves.”—The New York Times Book Review “This is a strange and though-provoking fantasy from the man who gave us Jonathan Livingston Seagull and Illusions, one that is imaginative, playful, and, in places, startling in concept.”—The Anniston Star “Instead of soaring and diving through space, passengers on this flight must be prepared to cruise slowly, making several stops to look at their motivation and lifestyles as the Bachs look at their own.”—Detroit Free Press

Out of My Mind Richard Bach,2000-03

Out of My Mind John Brunner,2014-04-01 Thirteen stories of the past, present, and future from the Hugo Award-winning author of Stand on Zanzibar. In Out of My Mind, John Brunner, in mid-career, selects a double-handful and more of what he considers his best work to date, thirteen stories that represent—under the three categories in which he classifies them: Past, Present, Future—his most challenging and entertaining stories, from present-day fear of nuclear annihilation to a loving, yet also terrifying infinite loop in time that includes a sideways step outside the universe as we know it. Put yourself in the hands of a master and take your imagination for a series of thrill-rides. “One of the most important science fiction authors. Brunner held a mirror up to reflect our foibles because he wanted to save us from ourselves.” —SF Site

Travels with Puff Richard Bach,2013 A few years ago, someone asked me by way of their T-shirt, Got Freedom? Heres, a bit delayed and by way of two small seaplanes and a continent ten thousand horizons wide, my answerRichard Bach. In the tradition of John Steinbecks Travels with Charley, and Richard Bachs own bestseller, Illusions, TRAVELS WITH PUFF recounts Bachs journey from Florida to Washington state in his small seaplane. With humor, wisdom and insight that could only come from one of the worlds most beloved authors and an accomplished pilot, TRAVELS WITH PUFF also challenges our ideas of fate and our futures, and asks us how can we prepare for the emergencies in our own lives? Can we ever really be safe? And, is being safe always what we want?

There's No Such Place as Far Away Richard Bach,1993

Thank Your Wicked Parents Richard Bach,2012 Some parents really are wicked and even if they aren't, they can appear that way to children when they do less than reflect love and kindness toward their children. Thanking parents, wicked or not, for the lessons given appeals to our highest self and allows for healing to begin through love. This book contains children's prayers of gratitude that for centuries have changed the lives of those who decided to become undestroyed.

Secrets of a Buccaneer-Scholar James Bach,2012-12-11 Like so many young people, James Bach, the son of the famous author Richard Bach (Jonathan Livingston Seagull) struggled in school. While he excelled in subjects that interested him, he barely passed the courses that didn't. By the time he was sixteen he had dropped out. He taught himself computer programming and software design and started working as a manager at Apple Computers only four years later - and he never looked back. With *The Secrets of a Buccaneer Scholar*, James shows us how he developed his own education on his own terms, how that unorthodox education brought him success, and how the reader can do it too. In his uniquely pithy and anecdotal style James uses the metaphor of a buccaneer to describe anyone whose love of learning and pursuit of knowledge is not bound by institutions or authorities. James outlines the eleven elements of his self-education method and shows how every reader - simply investing time and passion into educating themselves about the things that really interest them - can develop a method for acquiring knowledge and expertise that fits their temperaments and showcases their unique abilities and skills. Particularly well-suited for an audience grappling with the challenges posed by the internet, but also appropriate for parents looking to help and school their children or employees hoping to jumpstart their careers, *The Secrets of a Buccaneer Scholar* is a groundbreaking and uplifting work that empowers and inspires its readers.

Hiding in the Spotlight Greg Dawson,2009-06-27 Summoning all the colors of a Chopin prelude, Dawson has painted a vivid picture of his mother (Mona Golabeck) as a young girl whose musical genius enables her to survive the Holocaust.

Closing of the American Mind Allan Bloom,2008-06-30 The brilliant, controversial, bestselling critique of American culture that “hits with the approximate force and effect of electroshock therapy” (The New York Times)—now featuring a new afterword by Andrew Ferguson in a twenty-fifth anniversary edition. In 1987, eminent political philosopher Allan Bloom published *The Closing of the American Mind*, an appraisal of contemporary America that “hits with the approximate force and effect of electroshock therapy” (The New York Times) and has not only been vindicated, but has also become more urgent today. In clear, spirited prose, Bloom argues that the social and political crises of contemporary America are part of a larger intellectual crisis: the result of a dangerous narrowing of curiosity and exploration by the university elites. Now, in this twenty-fifth anniversary edition, acclaimed author and journalist Andrew Ferguson contributes a new essay that describes why Bloom’s argument caused such a furor at publication and why our culture so deeply resists its truths today.

Rancher Ferrets on the Range Richard Bach,2003 Remembering their love for one another, movie star Cheyenne Jasmine Ferret and rancher Montgomery Ferret meet again years later and discover the importance of following a personal calling in order to achieve happiness.

Writer Ferrets Richard Bach,2002 Bach returns to the highly successful terrain that put Jonathan Livingston Seagull on top of The New York Times bestseller list for almost two years. Like Jonathan, The Ferret Chronicles blend adventure, philosophy, fantasy, and spirituality, introducing readers to a parallel universe filled with courageous, questing animals pursuing typically human challenges and dreams. Illusions Richard Bach,2012-08-01 In the cloud-washed airspace between the cornfields of Illinois and blue infinity, a man puts his faith in the propeller of his biplane. For disillusioned writer and itinerant barnstormer Richard Bach, belief is as real as a full tank of gas and sparks firing in the cylinders...until he meets Donald Shimoda--former mechanic and self-described messiah who can make wrenches fly and Richard's imagination soar.... In Illusions, the unforgettable follow-up to his phenomenal bestseller Jonathan Livingston Seagull, Richard Bach takes to the air to discover the ageless truths that give our souls wings: that people don't need airplanes to soar...that even the darkest clouds have meaning once we lift ourselves above them... and that messiahs can be found in the unlikeliest places--like hay fields, one-traffic-light midwestern towns, and most of all, deep within ourselves.
